

## Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these:

Denver, Colo.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all it claims to be and has benefited me wonderfully. I had been sick for eight months with a trouble which confined me to my bed and was only able to be up part of the time, when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty and do all my housework."—Mrs. EMMA CULVER, 705 E. 7th St., Metropolis, Ill.

## NEW BRITISH CABINET IN

No Great Enthusiasm Over Appointments Is Displayed

UNIONIST PRESS IS APPRECIATIVE

New Ministers Took Their Oaths and Received Seals To-day

London, Oct. 25 (By the Associated Press).—The king summoned a council for to-day, at which the new ministers announced yesterday by Prime Minister Bonar Law will take their oaths and receive their seals.

Nowhere in the London press this morning is any special enthusiasm shown for Mr. Bonar Law's choice, although the unionist papers, as might be expected, are calmly appreciative.

It is assumed that all of yesterday's appointees will be members of the cabinet, except perhaps Attorney General Douglas McG. Hogg and the Lord Advocate, W. A. Watson, and there may be further cabinet appointments. The unionist political writers believe many of the under-secretaryships and minor posts will not be filled until after the election.

The cabinet, as officially announced last evening is as follows:

Lord president of the council, Marquis of Salisbury.

Lord high chancellor, Viscount Cave.

Chancellor of the exchequer, Stanley Baldwin.

Secretary for home affairs, William C. Bridgeman.

Secretary for foreign affairs, Marquis Curzon.

Secretary for the colonies, the duke of Devonshire.

Secretary for India, Viscount Peel.

Secretary for war, the earl of Derby.

First lord of the admiralty, Lieutenant Colonel L. C. M. S. Amery.

President of the board of trade, Sir Philip Lloyd-Creame.

Minister of health, Sir Arthur Griffith-Boscawen.

Minister of agriculture, Sir Robert A. Sanders.

Secretary for Scotland, Viscount Noyes.

Attorney General Douglas McG. Hogg.

Lord advocate, Honorable W. A. Watson.

President of the board of education, Edward F. L. Wood, M. P., for the Ripon division of Yorkshire.

Criticized Her Father.

An anecdote told by Kipling relates how he was sitting in a room with his little daughter one day when he began to sing "On the Road to Mandalay." In a little while the child looked up from her lessons and asked, "Father, did you write that song?"

"Yes," was the reply.

"Well, it seems to me you should know the tune better," was the child's critical comment.—Boston Transcript.

## WORLD TRADE ON UP-GRADE

Business Is Better the World Over Reported Dr. Julius Klein

DEFLATION HAS RUN ITS COURSE

Merchants Have Taken Their Losses—Labor Has Taken Its Cut

New York, Oct. 25.—Business in Europe, Latin-America and the Far East is steadily on the up-grade and with few exceptions, is better the world over, delegates to the convention of the American Manufacturers' Export association were told to-day by Dr. Julius Klein, director of the United States bureau of foreign and domestic commerce. The convention, opened to-day, will continue through to-morrow.

"Conditions almost everywhere show decided improvement," Dr. Klein declared. "In the Orient, conditions are better now than they have been at any time since 1920. Japan is pulling herself out of the slough of economic depression and business in China is getting better."

"Deflation has run its course, stocks have been reduced and merchants have taken their losses. Labor has taken its cut and has shown a pronounced tendency to co-operate. Production, always the fundamental basis of economic development, is increasing throughout the entire area," he said.

AWARDED \$25,000.

For Services In Defending Baby Guy Stillman.

White Plains, N. Y., Oct. 25.—Supreme Court Justice Morschauser yesterday awarded John E. Mack, guardian of Baby Guy Stillman, \$25,000 for his services in defending the infant against the charge of illegitimacy brought by James A. Stillman, millionaire banker, in his suit for divorce from Mrs. Anne U. Stillman. He also allowed Mr. Mack \$4,901.14, which the guardian reported he had expended in Guy's behalf.

The court also allowed Referee Daniel J. Gleason, who heard evidence in the case compensation at the rate of \$150 a day for 148 days devoted to the case—a total of \$22,200.

Justice Morschauser also signed yesterday the final order in Stillman's divorce suit, denying him a divorce and affirming the legitimacy of Baby Guy, whom Stillman had alleged to be the son of Frederick K. Beauvais, Indian guide, who was named as correspondent. The order held that Stillman had failed to prove Mrs. Stillman guilty of adultery, but that Stillman himself had been proven guilty of adultery with Florence Leeds, former show girl. Counsel for Stillman has fought the granting of compensation to guardian Mack, contending that he was entitled

# MAYONNAISE

you ever tasted

AND YOU CAN MAKE IT YOURSELF—READ HOW

EVERYBODY likes mayonnaise. But the best mayonnaise is the kind you make yourself at home. Some housewives think mayonnaise is difficult and troublesome to prepare.

Look over the Mazola recipe here and see how simple it is.

Take the can of Mazola you now have or get a can from your grocer and follow this recipe carefully. You will be delighted with the results.

Mazola-made mayonnaise is always firm and will keep longer without separating.

Likewise for other dressings, such as French Dressing, Mazola is not only the preference of those who know salad oils, but you don't need to worry about using Mazola liberally.

For, as there are no heavy ocean freight rates or import duties to pay, it is much less expensive than imported olive oil.

Mazola never gets rancid, in any climate or temperature. So you do not need to keep it in the ice box.

A Friendly Hint: Be sure to always have a can of Mazola on hand.
